# Leonardo EURACT level 1 course for teachers in Family Medicine

June 27-29 2011 • Izmir • Turkey

This course is conducted as part of the Leonardo da Vinci Programme Project: Framework for Continuing Educational Development of Trainers in General Practice in Europe (Project n° 2010-1-PL1-LEO05-11460) and is organized by a consortium of partners with a leading role being taken by the European Academy of Teachers in General Practice (EURACT)

## GENERAL INTRODUCTION

Over recent years a greater proportion of the teaching at undergraduate level is being provided by primary health care teachers, including general practice based teaching, clinical skills training etc. This has led to an increase in the demand for teachers coming from a practice setting. There is a similar need for trainers involved in specialty training for general practice. One-to-one teaching in the practice setting requires the application of specific methodologies and evaluation techniques, which may involve the patient with possible consequences to his/her health status. It also requires special knowledge and skills in feedback, and a close working relationship between trainee and trainer.

## AIMS AND OBJECTIVES

The Leonardo EURACT level 1 course is aimed at entrants to practice based teaching with no prior teaching skills training. Its main objectives are to improve the level of one-to-one teaching in European countries, to ensure dissemination of knowledge and skills by course participants in their own countries and to stimulate development of FM teaching in participating countries.

## CONTENT AND SCHEDULE OF THE COURSE

The course will consist of six 3-hour modules delivered over three days of educational interventions. Each participant will be able to access course materials for each module prior to the course. The main topics of the course will be as follows: Introduction – being a good trainer, Basic Education and Assessment Theory, Teaching methods and giving feedback, Learning styles and personal learning plans, Teaching through role playing, Preparing the practice and designing the programme. A minimum of presentations are used and most learning is active and participatory in small groups.

## THE PLANNED TIMETABLE

<b>Monday</b> 27 June 2011	08.30 – 09.00 Welcome coffee 09.00 – 12.00 Module 1: Introduction – being a good trainer 12.00 – 14.00 Lunch break 14.00 – 17.00 Module 2: Basic Education and Assessment Theory 19.00 Get together and social programme
